SKILLS

Technical Skills

- **Development:** Python, C++, Java, PHP, HTML, CSS
- **Databases:** MySQL, SQLite, MongoDB
- **Tools & Hardware:** PyQt5, Git, Raspberry Pi, Computer hardware literacy
- **Networking:** Networking Fundamentals, Troubleshooting

Soft Skills

- Leadership, Communication, Problem Solving, Collaboration, Adaptability, Critical Thinking, Stress Management, Time Management

CERTIFICATIONS

Palo Alto Networks

- Network Security Fundamentals
- Cyber Security Fundamentals
- Security Operations Fundamentals
- Cloud Security Fundamentals

Cisco Networking Academy

- Introduction to IoT and Digital transformation

TESDA National Certificate II

- Computer System Servicing (Completed Feb 2020)

EDUCATION

Bachelor of Science in Information Technology

Pampanga State University

(formerly Don Honorio Ventura State University)

2022 - 2026

Expected Graduation: 2026

Achievements

- President's Lister (2023 - Present)
- Dean's Lister (2022)
- Top 9 Student, Pampanga State University - College of Computing Studies (AY 2024-2025)
- Head Director, Society of Information Technologists (AY 2024-2025)

PROJECTS & ACADEMIC EXPERIENCE

An IoT-Powered Head-Pose Tracking System for Assistive Computer Input (Capstone Project)

- Implemented Head-Pose tracking using Python
- Implemented Blink Detection for mouse input
- Developed a functioning application using PyQt5
- Integrated IoT Components for Assistive input control

RAITE 2024 Data Science and AI Challenge

- Performed data preprocessing and basic model analysis using python
- Collaborated in a team-based research environment

STACKSTODO - Web Based Task Management

- Developed a task management system using HTML, PHP, and CSS
- Implemented core task functionalities, including task creation and viewing
- Demonstrated understanding of web development fundamentals, including page structure, form handling, and server-side processing
